Discussion on Tuesday, 19 March 2013: Cancellation

The Vice-Chancellor gives notice that the Discussion announced for Tuesday, 19 March 2013 will not take place as there are no Reports ready for discussion.

The two Reports published in this issue (on p. 408) will be discussed on Tuesday, 30 April 2013.

Notice of a benefaction

11 March 2013

The Vice-Chancellor gives notice that he has received with gratitude a benefaction of securities valued in the region of £1 million from Dr Colin Forbes, formerly a University Lecturer in the Department of Geology and a Curator of the Sedgwick Museum of Earth Sciences. The benefaction, of which the capital and the income will be available, will be added to the Forbes Fund (*Statutes and Ordinances*, p. 814), which was established to support the Sedgwick Museum of Earth Sciences following a benefaction from Dr Forbes in 2010.

Amending Statute for Clare College: Notice

11 March 2013

The Vice-Chancellor begs leave to refer to his Notice of 18 February 2013 (*Reporter*, 6298, 2012–13, p. 368), concerning a proposed amending Statute for Clare College. He hereby gives notice that in the opinion of the Council the proposed Statute makes no alteration of any Statute which affects the University, and does not require the consent of the University; that the interests of the University are not prejudiced by it, and that the Council has resolved to take no action upon it, provided that the Council will wish to reconsider the proposed Statute if it has not been submitted to the Privy Council by 8 March 2014.

University Composition Fees: Notice

11 March 2013

In the following Notice the Council proposes amendments to the fees for certain categories of students.

Fees for certain courses in 2013–14

Fees for Home and EU postgraduate students in 2013–14

The Council proposes a rate of increase of 1.88% on 2012–13 fees for Home and EU postgraduate research courses for the academical year 2013–14, reflecting guidance by the Research Councils.

The same increase will apply by default to fees for taught courses except where other proposals have been made by the Councils of the Schools or minor adjustment to the schedule is needed.

M.B.A., M.Fin., and M.St. courses

The Council proposes the 2013–14 fees for the M.B.A. and M.Fin. courses and certain M.St. courses which have been recommended by the relevant bodies as set out in the Schedule attached to this Notice.

Fees for Continuing Undergraduate Island Students in 2013–14

Because UUK no longer provide annual guidance about the fees to be charged to Island students, the Council proposes that previous guidance be followed for continuing students who commenced in 2012 or earlier. (The separate category of Island student has been abolished for new entrants in and after 2013.)

- (a) Fees for Island students who commenced in 2012 were set with reference to Home/EU New Regime fees; those fees have not increased for 2013–14 and it is proposed that the Island rate of fees does not increase.
- (b) The Student Fees (Inflation Index) Regulations informed UUK's recommendations for the annual increase to be applied to the Island rate of fees for students admitted before 2012. The initial rate quoted by UUK for 2012–13 was subsequently retracted and substituted by a lower value but too late to be acted on by the University. The Council therefore recommends an increase of 1.1% for 2013–14 over the fees charged in 2012–13 to bring them back in line, with an exception for the Group 4/5 rate which would exceed the fee charged to Island students admitted the next year if not held back to the same value.

The proposed fees are set out in the Schedule attached to this Notice.

Fees for certain courses in 2014–15*Fees for overseas students in 2014–15*

The Council proposes that:

- (a) Overseas fees for all continuing and new entrant undergraduate students be increased by 5% over the 2013–14 rates;
- (b) Overseas fees for all continuing and new entrant postgraduate students be increased by 5% over the 2013–14 rates (except for continuing Ph.D., MSc., M.Litt., Ed.D., Eng.D. and C.P.G.S. students who commenced in 2013–14 as their fees are fixed for the duration of their course).

Additional increments for certain postgraduate courses in the School of Humanities and Social Sciences, and the School of Technology from September 2014

The Councils of the Schools have recommended that the fees for the courses listed below should be amended, with effect from September 2014, as follows:

M.PHIL. DEGREE:

Advanced Computer Science	Both the Home/EU and Overseas fees to be the same as Advanced Chemical Engineering
Applied Biological Anthropology	Home/EU fee to increase to £5,799
Biological Anthropological Science	Home/EU fee to increase to £5,799
Education	Home/EU fee to be the same value as the Home/EU UG New Regime fee <i>inclusive</i> of the College Graduate Fee
History, Philosophy, and Sociology of Science, Technology, and Medicine	Overseas fees to increase by £500 plus general inflation increase Home/EU fee to be the same as Modern Society and Global Transformation
Human Evolutionary Studies	Overseas fees to increase by £500 plus general inflation increase
Social Anthropology	Home/EU fees to increase to £5,799 For all students – to be the same fee as the course in International Relations and Politics

For all the following courses, the Overseas fees are to increase by £300 (in addition to the general inflation increase):

American Literature
Anglo-Saxon, Norse, and Celtic
Architecture
Asian and Middle Eastern Studies
Classics
English Studies
European Literature and Culture
History of Art and Architecture
Medieval and Renaissance Literature
Music Studies
Philosophy
Screen Media and Cultures
Theology and Religious Studies
Theoretical and Applied Linguistics

M.RES. DEGREE:

Social Anthropology	For all students – to be the same fee as the course in International Relations and Politics
---------------------	---

ED.D.

The Home/EU fee to be 50% of the M.Phil. Education Home/EU fee (the same value as the M.Ed.).

The Council is accordingly submitting a Grace to the Regent House (Grace 1, p. 409) for the approval of the revised fees set out in the Schedule attached to this Notice.

Subject to the approval of the Grace, a complete table of fees will be published in the next edition of *Statutes and Ordinances* and made available on the Planning and Resource Allocation Office website (<http://www.admin.cam.ac.uk/offices/planning/>).

Footnotes:

- 1 See Tables 5A–5D for continuing “old system” students, students taking equivalent or lower qualifications, co-funded students, and students for whom the Island rate of fees applies.
- 2 Including Island students who commence in and after 2013–14. Fees for continuing Island students who commenced before 2013–14 are shown in Table 5D.
- 3 Students who have proceeded to the B.A. Degree but have been given leave to read for another Tripos ‘not for honours’ are deemed to be ELQ students for the purpose of their fee liability (see Table 5B).
- 4 This fee applies to students undertaking a course of study in a member country of the European Union under Regulation 6 for the Law Tripos and to students spending a period abroad in accordance with Regulation 23 for the Asian and Middle Eastern Studies Tripos or Regulation 28 for the Modern and Medieval Languages Tripos.
- 5 Parts IA and IB. The fee payable by a student who is reading for another Tripos in order to satisfy the requirements for the B.A. Degree is the fee set out for that Tripos.
- 6 Payable only if a student pursues her or his clinical studies in the University.
- 7 M.A.St. Home/EU students will continue to pay “old regime” fees until 2015–16 when “new regime” students will be in their fourth year (pay the same fee as Cambridge students doing the same fourth year course).

University Computing Service relocation: Notice

During 2013 the University Computing Service (UCS) will be moving. This includes all main servers and associated networking and almost all staff, and affects most UCS services.

Current information on the planned schedule of moves can be found at <http://www.ucs.cam.ac.uk/about-us/ucs-move/>; this web page will be updated as University plans are finalized.

Certain services will remain on the New Museums site for the convenience of users. These will include the Photographic and Illustration Service, a Reception/Service Desk presence, and the Service's main teaching rooms.

The UCS is currently planning the relocation programme and has begun preparation for the transfer of services. Every effort will be made to try to keep service disruption to a minimum during the transition by careful staging of system moves.

CRASSH Visiting Fellowships, Early Career Fellowships, and Mellon Teaching Fellowships, 2013–14

The Centre for Research in the Arts, Social Sciences, and Humanities (CRASSH) is pleased to announce the results of its competitions for Visiting Fellowships and Early Career Fellowships at CRASSH in 2013–14. A complete list of those who have been awarded fellowships and details of their research projects are available online at <http://www.crassh.cam.ac.uk/page/1171/visiting-fellows-2013-14.htm> and <http://www.crassh.cam.ac.uk/page/1172/early-career-fellows-2013-14.htm>. Mellon Teaching Fellows are John Forrester (HPS) and Peter Mandler (History); Mary Laven (History) and Alexander Marr (History of Art); see <http://www.crassh.cam.ac.uk/page/632/mellon-teaching-fellowships.htm>.

AWARDS, ETC.**Evans Fund: Notice**

The Advisory Committee for the Evans Fund will shortly be considering applications for the 2013 Evans Fellowships. A graduate of any university is eligible to apply, provided that he or she intends to engage in research in anthropology and archaeology in relation to South East Asia. A number of grants may also be awarded towards the cost of research in areas covered by the remit of the Fund. The deadline for receipt of complete applications and for referees' letters is 23 April 2013. Further information and application forms are available at <http://www.socanth.cam.ac.uk/2013/02/the-evans-fund-2/>.

423	Zoology (Ecology and Plant Sciences – two from Plant Sciences M3, Zoology M2, M3, and L3, L4 or Plant Sciences L2)	103 104 105 106 109 113 114 118 121 123	Four written papers of three hours each.

Minor Subjects:

	<i>Minor Subject</i>	<i>Examination requirements</i>
113	Early Medicine (HPS Pt II Paper 2) (<i>maximum of 12 candidates</i>)	One written paper of three hours' duration.

Minor Subject 108 (Medicine, Body, and Society (Politics, Psychology, and Sociology Paper Soc 10)) will no longer be offered in 2013–14.

REPORTS

Report of the General Board on the re-establishment of a Professorship in the Sainsbury Laboratory

The GENERAL BOARD beg leave to report to the University as follows.

1. In their Report dated 20 January 2010 (*Reporter*, 6175, 2009–10, p. 490) the Board proposed the establishment of the Sainsbury Laboratory as an institution within the School of the Biological Sciences. The Report recommended that, in order to provide the requisite senior scientific leadership for the Laboratory, three Professorships be established, one of which would be held in association with the Directorship of the Laboratory. Funding for an initial period of ten years was included in the agreement between the University and the Gatsby Charitable Foundation, with the Council of the School of the Biological Sciences underwriting the positions for a single tenure.

2. The Professorship of Plant Morphodynamics has lapsed following the resignation of Professor Elliott Meyerowitz, inaugural Director of the Sainsbury Laboratory, and the Faculty Board of Biology and the Council of the School of the Biological Sciences

4. The General Board recommend:

I. That a Professorship of Plant Development be established from 1 June 2013 for one tenure, placed in Schedule B of the Statutes, and assigned to the Sainsbury Laboratory.

accordingly propose its re-establishment for a further tenure. Funding for the Professorship is guaranteed for a further eight years, and the Council of the School of the Biological Sciences have once again agreed to underwrite the position for the remainder of its tenure. The person appointed will be expected to offer leadership at the interface between plant developmental biology, mathematics, and computer science in the Laboratory, and this is reflected in the revised title of the Professorship.

3. The General Board have accepted the Council of the School's proposal for the establishment of the Professorship on this basis. They are assured that suitable accommodation for the Professor is available in the Sainsbury Laboratory, which has undertaken to provide the necessary support and facilities. The Board have agreed that election to the Professorship should be made by an *ad hoc* Board of Electors and that candidature should be open to all persons whose work falls within the field described in paragraph 2.

Report of the General Board on the establishment of a Readership in Number Theory

The GENERAL BOARD beg leave to report to the University as follows:

1. Number Theory is a central area of mathematical science, on the one hand constituting a vast body of knowledge and on the other containing a wealth of remarkable hypotheses and conjectures. While some of these seem quite inaccessible at the moment, the subject has seen some spectacular advances and new techniques. Opportunities for significant further progress have opened up and it is imperative that Cambridge be actively involved in new developments.

2. The Department of Pure Mathematics and Mathematical Statistics has a strong tradition in this ancient branch of mathematics. However, the retirement of Professor J. H. Coates from the Sadleirian Professorship of Pure Mathematics with effect from 30 September 2012 and the resignation of Professor N. I. Shepherd-Barron with effect from 1 September 2013 leave the Department deficient in senior leadership in the field. It is a strategic priority for the Department to maintain and develop its strength as a world centre in Number Theory, and an

exceptional appointment at Readership level will help restore academic leadership in this area.

3. The Council of the School of the Physical Sciences has approved the case made by the Department and recommends the establishment of a single tenure Readership in Number Theory in the Department of Pure Mathematics and Mathematical Statistics. The costs of the Readership will be met by the allocation previously supporting Professor Shepherd-Barron's personal Professorship. The underlying University Lectureship will be suppressed.

4. The General Board have accepted the Council of the School's proposal for the establishment of this Readership. The criteria for appointment to a Readership through open competition will be identical to those for appointment through the senior academic promotions procedure. The Appointments Committee will be constituted as specified in the Regulations (*Statutes and Ordinances*, p. 743).

5. The General Board accordingly recommend:

I. That a Readership in Number Theory be established in the Department of Pure Mathematics and Mathematical Statistics for a single tenure with effect from 1 May 2013.

GRACES**Graces submitted to the Regent House on 13 March 2013**

The Council submits the following Graces to the Regent House. These Graces, unless they are withdrawn or a ballot is requested in accordance with the regulations for Graces of the Regent House (*Statutes and Ordinances*, p. 107), will be deemed to have been approved at 4 p.m. on Friday, 22 March 2013.

1. That, with effect from 1 September 2013, the Table of Fees attached to the regulations for University Composition Fees (*Statutes and Ordinances*, p. 158) be amended as set out in the Schedule to the Council's Notice dated 11 March 2013 (p. 396).
2. That the regulations for the Centre for Advanced Religious and Theological Studies (*Statutes and Ordinances*, p. 610) be rescinded with effect from 30 September 2013.¹
3. That in Regulations 2(c) for the Hartwell Fund for Islamic Studies, for the Study of Religion Fund, and for the Sheikh Zayed Fund for Islamic Studies (*Statutes and Ordinances*, pp. 832, 955, and 1000) references to the Director of the Centre for Advanced Religious and Theological Studies be replaced with references to a member of the Faculty Board of Divinity appointed by that Board with effect from 30 September 2013.¹
4. That an increase of 3.1% and 11% respectively to the current stipends of the Proctors and Esquire Bedells be approved with effect from 1 October 2013.²

¹ The Faculty Board of Divinity has agreed to suppress the Centre for Advanced Religious and Theological Studies and to replace its functions with a Director of Research in the Faculty who will chair the Faculty's research committee.

² These increases reflect the extension to the duties of the Proctors and Esquire Bedells following approval of the proposal to extend General Admission over four days (Grace 1 of 13 February 2013).

ACTA**Approval of Grace submitted to the Regent House on 27 February 2013**

The Grace submitted to the Regent House on 27 February 2013 (*Reporter*, 6299, 2012–13, p. 384) was approved at 4 p.m. on Friday, 8 March 2013.

END OF THE OFFICIAL PART OF THE 'REPORTER'

REPORT OF DISCUSSION**Tuesday, 5 March 2013**

A Discussion was held in the Senate-House. Pro-Vice-Chancellor Professor Jeremy Sanders was presiding, with the Registrar's Deputy, a Pro-Proctor, and three other persons present.

The following Reports were discussed:

Report of the General Board, dated 6 February 2013, on the establishment or re-establishment of two Professorships in the Department of Clinical Neurosciences (*Reporter*, 6297, 2012–13, p. 362).

No remarks were made on this Report.

Report of the General Board, dated 6 February 2013, on the establishment of an MRC Research Professorship of Epidemiology (*Reporter*, 6298, 2012–13, p. 370).

No remarks were made on this Report.
