**Congregations**

30 November, *Saturday* at 2 p.m.

**Notice of a Discussion on Tuesday, 3 December 2013**

The Vice-Chancellor invites those qualified under the regulations for Discussions (*Statutes and Ordinances*, p. 103) to attend a Discussion in the Senate-House, on Tuesday, 3 December 2013, at 2 p.m., for the discussion of:

1. First-stage Report of the Council, dated 15 November 2013, on the project to expand the Addenbrooke's Clinical Research Centre at Addenbrooke's Hospital (p. 109).

**Election of a member of the Council's Finance Committee in class (b)**

A vacancy will arise for a member of the Regent House, elected by the Representatives of the Colleges, to serve on the Council's Finance Committee for three years from 1 January 2014.

The election is conducted in accordance with the Single Transferable Vote regulations. Voting is by postal ballot.

Nominations should be made in writing to the Head of the Registry's Office, University Offices, The Old Schools, Cambridge, CB2 1TN, and must include a statement by the person nominated that he or she is willing to serve on the Finance Committee. Nominations and statements should be made by 12 noon on **Tuesday, 3 December 2013**. Nominations should be supported by the signatures of two members of the Regent House. If a ballot is necessary, papers will be despatched by Monday, 9 December, for return by 12 noon on Wednesday, 18 December 2013.

**University salaries and stipends**

18 November 2013

The Universities and Colleges Employers Association (UCEA) has proposed a pay settlement from 1 August 2013 which provides for a 1% increase in the salaries of non-clinical academic and academic-related staff, and assistant staff. It should be noted that four of the five New Joint Negotiating Committee for Higher Education Staff (New JNCHES) trade unions remain in dispute over the offer. However, the disputing unions have all confirmed that the formal dispute resolution procedure set out in the New JNCHES agreement has been exhausted. UCEA has therefore advised that implementation of the pay settlement may proceed.

Pending the outcome of further discussions at national level, the Council and the General Board have agreed that an increase on the basis set out above should be made in all relevant stipends and salaries with effect from 1 August 2013.

The stipends and salaries of certain University staff require the approval of the Regent House. The Council is accordingly submitting a Grace (Grace 1, p. 110) to the Regent House for the approval of an increase of 1% in these stipends and salaries. An updated Cambridge general stipend and salary scale showing the proposed new stipends and salaries for each grade is included in this Notice. This indicates those points which are the 51 points of the national single spine and those points, above and below, which are extensions to the spine in Cambridge. Changes will also be applied to those associated payments directly linked to a single spine stipend/salary point.

Subject to the approval of this Grace, the corresponding increases will be implemented in the stipends of those offices which do not require the approval of the University, as well as in the salaries of analogous unestablished staff. In the case of contract research staff and other staff supported on non-central funds, payment of the increase will be conditional on funds being available to meet the cost of the increase from the relevant funding source.

It is expected that, if the Grace is approved, the increases will be paid to staff in the December 2013 payroll, together with the arrears from 1 August 2013.

*Notes to the table*

- Note 1:** An asterisk (\*) denotes a contribution point and progress through these is awarded on merit. A plus sign (+) denotes a spine point that will be effective from 1 January 2014.
- Note 2:** Grade T is for staff who are studying for an approved qualification or undergoing 'in-service' training.
- Note 3:** On 1 January 2010 the first contribution points of grades 2, 3, and 4 became service points.
- Note 4:** University Lecturers (ULs) and University Senior Lecturers (USLs) will be appointed to grades 9 and 10 respectively.  
 ULs may progress through service points 1–9 of grade 9.  
 USLs may progress through service points 1–3 and contribution points 4–5 of grade 10.  
 Readers will only be appointed to point 2 of grade 11 (point 63).  
 Research Associates and Senior Research Associates will be appointed to grades 7 and 9 respectively.  
 Research Assistants are appointed to grade 5  
 The contribution points in grades 9 and 11 do not apply to ULs and Readers. They apply to academic-related staff.  
 The professorial minimum will be point 68 in band 1 of grade 12.
- Note 5:** For academic staff (other than Professors and USLs) contribution will be recognised through the promotions procedure as now and not by use of contribution points.  
 USLs will also have access to the Senior Academic Promotions procedure under which they may also be awarded contribution points 4–5 of grade 10.
- Note 6:** Academic-related professorial-equivalent staff will be appointed on the contribution bands of grade 12 according to the HERA points boundaries for each level.
- Note 7:** Specific arrangements will apply to progression in service-related points on some grades in compliance with the Memorandum of Understanding.
- Note 8:** Incremental progression through the service points occurs on the incremental date which will normally be on the anniversary of appointment or 1 April, 1 July or 1 October respectively for staff engaged on terms and conditions for Manual, Clerical/Secretarial and Technical Division appointments.

## REPORTS

### First-stage Report of the Council on the project to expand the Addenbrooke's Clinical Research Centre at Addenbrooke's Hospital

The COUNCIL begs leave to report to the University as follows:

1. In this Report the Council is seeking approval in principle for expanding the Addenbrooke's Clinical Research Centre (ACRC) as set out below.

2. Since inception the ACRC has been an indispensable component of research infrastructure on the Hospital campus, making a significant contribution to translational research and generating high-impact publications. Such excellence in experimental medicine research, subtended by the ACRC, played a major role in the University of Cambridge, in partnership with the Cambridge University Hospitals NHS Foundation Trust, gaining an NIHR Comprehensive Biomedical Research Centre award in 2006. A recent review of its millennial Clinical Research Facilities (CRFs) by the Wellcome Trust and NIHR, led by Sir Mark Walport, has ranked the Cambridge unit as the leading CRF in the UK.

3. However, the ACRC is now operating at near full occupancy. The challenge of rising occupancy was met, in part, by opening the CRF at weekends. Nevertheless, these units increasingly face scheduling difficulties due to limited capacity. In particular areas of the School's research (e.g. Metabolic Medicine and Cancer), there are pressing needs for additional space for research wards and clinics. There is no scope for physical expansion of the CRF or Clinical Investigation Ward within the existing envelope of the ACRC facility in the Addenbrooke's Centre for Clinical Investigations/GSK building.

4. The Council now proposes that a new building is constructed adjacent to the existing ACRC facility with a total additional floor space of 3,550m<sup>2</sup> across five levels of accommodation, a basement level, and rooftop plant areas.

5. The proposed works will:

- provide the additional space required for research wards and clinics, including an Interventional Investigation Unit, an Early Phase Cancer Clinical Trial Unit, a Human Metabolic Research Facility, a Wellcome Trust Clinical Research Facility and an Eating Behaviour Unit;
- leverage the existing research infrastructure already present within the adjacent building to increase efficiency;
- enable the ACRC to meet the needs of the increased volume of additional experimental medicine activity subtended by the funding streams that have been secured.

6. The ACRC have bid for and secured a £5m strategic funding award from the Wellcome Trust for research that will be conducted in the new building. A target budget of £17m has been set for the total cost of the building project, of which a further £5m will come from the Wellcome Trust, with the balance being targeted for fundraising. The project cost is based on a start on site in late 2014 with completion in early 2016. In order to achieve the programme constraints, the detailed planning application will be made whilst the final land negotiations are being concluded.

7. Further details relating to the design, maintenance, and recurrent costs, with proposals for funding, will be brought to future meetings of the Buildings Committee and the Planning and Resources Committee. A Second-stage Report will be published next year.

8. Drawings of the proposed scheme are displayed for the information of the University in the Schools Arcade. A map showing the location is set out below.

9. The Council recommends:

I. That approval in principle be given for the expansion of the ACRC facility as proposed in this Report.

II. That, if required by the scope of the project, the Director of Estate Management be authorized to apply for detailed planning approval in due course.
